INSTRUCTION BOOKLET

WARNING: PLEASE CAREFULLY READ THE PRECAUTIONS BOOKLET INCLUDED WITH THIS PRODUCT BEFORE USING YOUR NINTENDO® HARDWARE SYSTEM, GAME PAK OR ACCESSORY. THIS BOOKLET CONTAINS IMPORTANT SAFETY INFORMATION.

IMPORTANT SAFETY INFORMATION - READ THE FOLLOWING WARNINGS BEFORE YOU OR YOUR CHILD PLAY VIDEO GAMES

Some people (about 1 in 4000) may have seizures or black outs triggered by light flashes, such as while watching TV or playing video games, even if they have never had a seizure before.

Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition should consult a doctor before playing a video game.

Parents should watch when their children play video games. Stop playing and consult a doctor if you or your child have any of the following symptoms:

Convulsions
Altered vision

Eye or muscle twitching Involuntary movements Loss of awareness Disorientation

To reduce the likelihood of a seizure when playing video games:

- 1. Sit or stand as far from the screen as possible.
- 2. Play video games on the smallest available television screen.
- Do not play if you are tired or need sleep.
- 4. Play in a well-lit room.
- 5. Take a 10 to 15 minute break every hour.

WARNING - Repetitive Motion Injuries

Playing video games can make your muscles, joints or skin hurt after a few hours. Follow these instructions to avoid problems such as Tendonitis, Carpal Tunnel Syndrome or skin irritation:

- Take a 10 to 15 minute break every hour, even if you don't think you need it.
- If your hands, wrists or arms become tired or sore while playing, stop and rest them for several hours before playing again.
- If you continue to have sore hands, wrists or arms during or after play, stop playing and see a doctor.

WARNING - Battery Leakage

Leakage of battery acid can cause personal injury as well as damage to your Game Boy. If battery leakage occurs, thoroughly wash the affected skin and clothes. Keep battery acid away from your eyes and mouth. Leaking batteries may make popping sounds.

To avoid battery leakage:

- Do not mix used and new batteries (replace all batteries at the same time).
- · Do not mix alkaline and carbon zinc batteries.
- Do not mix different brands of batteries.
- · Do not use nickel cadmium batteries.
- Do not leave used batteries in the Game Boy. When the batteries are losing their charge, the power light may become dim, the game sounds may become weak, or the display screen may be blank. When this happens, promptly replace all used batteries with new batteries.
- Do not leave batteries in the Game Boy or accessory for long periods of non-use.
- Do not leave the power switch on after the batteries have lost their charge. When you finish using the Game Boy, always slide the power switch OFF.
- · Do not recharge the batteries.
- Do not put the batteries in backwards. Make sure that the positive (+) and negative (-) ends are facing in the
 correct directions. Insert the negative end first. When removing batteries, remove the positive end first.
- Do not dispose of batteries in a fire.

- Action Select Icon Shows which action you currently have selected. See the
 'Taming and Nurturing a Horse" section on page 12 for
 more information.

Loyalty & Strength Meter

The horse Loyalty Meter shows the tameness level of your horse. When the meter is full, your horse trusts you completely. When the meter falls below a certain point, your horse whinnies to let you know it needs something. The loyalty level keeps deteriorating until you attend to the horse's needs.

Ignore your horse and it will first buck you off, then run away and you'll have to tame it all over again.

When your horse is attacked and struck by a hostile enemy, the Strength Meter will go down. This will cause your horse's Loyalty Meter to drop as well. Fortunately, the horse's Strength will gradually rise as long as there are no enemies causing more damage.

Taming and Nurturing a Horse

Prior to leading a horse down a Trail Walk, it first has to be tamed. You have various methods of taming a horse at your disposal. Each horse has its own unique personality, requiring different methods of taming. Try various combinations of petting/grooming, talking, singing, and feeding to tame a wild horse.

While on a Trail Walk, keep an eye on your Loyalty Meter and pay attention to your horse. Check the Horse Stat Menu often to check on what your horse needs.

- Lonely: Try petting/grooming, talking, or singing to make your horse feel better.
- Hungry: Feed your horse. When your horse is wild, it will only eat its favorite food; when tame, your horse will accept any food. If you don't see any food lying on the ground, stand near an apple tree, berry bush, cornstalk or prickly pear cactus and press the B Button to shake loose some goodies.
- Thirsty: Find a source of fresh water a watering hole, river or lake. Dismount and press the B Button to get the horse to drink.
- Weak: Your horse's Strength will rise gradually over time. You can also bring your horse to full Strength by giving it a heart-shaped Healing Herb.

Animal Helpers

You'll encounter various friendly animals throughout each Trail Walk. They usually would like you to help them gather something from the area. In exchange, they will often open up an area you couldn't reach before.

Hostile Animals

Throughout the Trail Walks, you'll come across various animals who aren't so friendly. They won't attack you on foot; they are only interested in your horse. Mount your horse and attack the hostile beasts (when mounted, use the A and R Buttons).

Pausing the Game

Press START at any time to pause the game and access the following options.

- Continue Return to the Trail Walk!
- Restart Level Restart level from the last Password Save point.
- Quit Level Abandon the current trail and return to the taming area.
- Quit Game Exit game and return to the Main Menu.

SAVING AND LOADING

Spirit: Stallion of the CimarronTM - Search For Homeland uses a password system to save and load the game data.

Saving a Game

After completing a trail, a Password Screen will appear. Be sure to write the password down exactly as it's shown for future reference! You will be unable to return to the saved point of the game if the password is incorrect.

Loading a Game

To load a previously saved game, select CONTINUE GAME from the Load Screen. Now use the Control Pad to highlight a letter and press the A Button. Select the second letter and continue the process until the password is complete. If you make a mistake, use the B Button to go back. Once the final letter of the code is entered, you'll automatically be taken to the level of the password you entered.

TRAIL WALKS

Forest

When traveling through the forest, collect branches for the beaver. You'll find plenty of food to shake out of trees, bushes, and stalks. Watch out for porcupines and the grizzly bear!

Prairie

You'll find a variety of animals while crossing the open prairie. Sometimes, they'll want to trade items you've picked up from the other animals. After collecting yummy grass for the fawn, visit the rabbit, moose, fox, skunk and brown bear. Coyotes track you throughout the prairie.

TRAIL WALKS

Cliffs and Caves

You'll have to make your way through a maze of rock formations and caves in this level. Food and water are few and far between, so ration them wisely. Find the salt licks for the ram and avoid the mountain lions! When you complete this level, you'll get a special prize you'll need when you meet Spirit.

Desert

The desert is just sand, tumbleweeds, and cacti. Water and food are sparse, and your horse will tire quickly in the brutal heat. Try shaking a special kind of cactus to get some water for your horse. Bigger and badder scorpions and a Gila monster await you in the dunes! When you complete this level, you'll get another special prize you'll need very soon!

TRAIL WALKS

Cattle Ranch

Once you find and tame Spirit, you'll both need to watch out for dogs and rustlers as you search for the exit. Look for switches inside houses to open gates. Be careful - if you are attacked while not riding Spirit, the rustlers will recapture him and throw you back into the taming area!

Final Race

Outrace the rustlers to the finish line! Along the way, jump over rock obstacles and keep from being pulled off the horse by the bad guys. Rear kick the baddies to stun 'em, but keep moving 'cuz they'll be back up in no time.

HORSES

There are eight other horses in the game besides Rain and Spirit. Each time you play the game, you'll find three of them (but you'll never know which three). Keep playing until you find all eight!

HINTS

- Try a variety of actions to tame a horse and keep it happy: Talking, singing, grooming, feeding, etc.
- Check your Horse Info Menu often to see what your horse's current needs are.
- You don't always have to fight hostile beasts in order to proceed; sometimes you can just run around them!
- If your horse gets cornered by an enemy and you can't seem to help, try wandering around on foot to find the pick-ups you might need to rescue your horse.
- If you get stuck, try talking to all the animals. Maybe there's something you can collect so they will help you.
- Before you leave the taming area to start a Trail Walk, "stock up" on everything you might need, including filling up your water skin!

CAUTION! Wild horses are dangerous animals. Even tame horses should not be approached without experienced, adult supervision. Please do not attempt to use the techniques for taming horses in this game in a real world situation.

In the unlikely event of a problem with your product ("Product"), you may only need simple instructions to correct the problem. Please contact the THQ Inc. ("THQ") Customer Service Department at (818) 880-0456 or on the web at http://www.thq.com before returning the Product to a retailer. Live Customer Service Representatives are available to help you Monday through Friday 9am to 5pm PST or you can use our automated systems by phone or on the web 24 hours a day, 7 days a week. Please do not send any Product to THQ without contacting us first. Your 5 digit Product Code is 32107. Please use this code to identify your Product when contacting us.

Limited Warranty

THQ warrants to the best of THQ's ability to the original consumer purchaser of the Product that the medium on which the Product is recorded shall be free from defects in materials and workmanship for a period of ninety (90) days from the original date of purchase. The Product is sold "as is," without express or implied warranty of any kind, and THQ is not responsible for any losses or damages of any kind resulting from use of this Product. If a defect occurs during this ninety (90) day warranty period, THQ will either repair or replace, at THQ's option, the Product free of charge.

In the event that the Product is no longer available, THQ may, in its sole discretion, replace the Product with a Product of comparable value. The original purchaser is entitled to this warranty only if the date of purchase is registered at point of sale or the consumer can demonstrate, to THQ's satisfaction, that the product was purchased within the last ninety (90) days.

To receive warranty service:

Notify the THQ Customer Service Department of the problem requiring warranty service by calling (818) 880-0456 or on the web at http://www.thq.com. If the THQ service technician is unable to solve the problem by phone or on the web via e-mail, he will authorize you to return the Product, at your risk of damage, freight and insurance prepaid by you, together with your dated sales slip or similar proof-of-purchase within the ninety (90) day warranty period to:
